

## Auschwitz Experience Weekend - Krakow

Destination: Krakow £115.00pp

### Friday Night

#### Airport Transfer - Minibus

**Luxurious People Carriers** to whisk you from Krakow airport to your hotel. Welcome is complete with **guide and vodka!**

#### Bar Crawl

All the best stag weekends involve a **guided bar crawl** these days, you know that. Why run the risk of missing the best action when the smart move is letting your hosts do the work for you? We'll get **our team of young, knowledgeable guides** to show you around, usually on the first night, getting you acquainted with **all the best boozers** in no time.

#### Lap Dancing Club

No big stag weekend is complete without a visit to a lap dancing club. You don't have to take a second mortgage out to withstand the cost - just grab a few drinks and sit by the stage enjoying the main show if you like. [Entry to the best lap club that Krakow has to offer.](#)

#### Nightclub Tickets

Round off the night with a mean dancing performance whilst shouting your name at someone only a foot away. **We take you to the head of the queue** of one of the city's liveliest nightclub venues, *removing the uncertainty of where you're going to go*, and whether you're going to get in, when clubbing time comes around for the boys.

## Saturday

### Auschwitz Tour

If you want to **tick the culture box** at least once on your visit to Krakow, there can be no better place to do it than the site of Auschwitz concentration camp, which sits **on the outskirts of the city** as a permanent reminder to the horrors of WW2 and what it made mankind capable of. It's a full-on 3 hour museum and site tour and **it blows your mind**.

Auschwitz is around a one hour transfer from Krakow itself. *As cultural experiences go this takes some beating.*

Truly eye-opening and thought-provoking,

why not take a break from your stag weekend mayhem and immerse yourself in a little world-defining history before the 20 odd pints later on in the evening.
